

June 03, 2026

We are excited to welcome you to Midwest Heritage and share important information about the final step in bringing your banking experience fully into the Midwest Heritage system.

Our system conversion is scheduled to take place **Friday, June 19 through Sunday, June 21, 2026**. During this time, your account information will be transferred to Midwest Heritage's banking system, and your online and mobile banking experience will change.

Please review the information below carefully so you know what to expect before, during and after conversion weekend.

Important Dates to Know

Your current online banking experience will end at the close of business on **Thursday, June 18, 2026**.

On **Friday, June 19**, our Carroll, Coon Rapids, Glidden and Lake City branch locations will be closed in observance of the federal holiday Juneteenth. As with all federal holidays, transactions will not post to accounts on that day. Our Carroll branch will remain closed on **Saturday, June 20** as we complete system conversion.

During the weekend of **June 19-21**, we will complete the transfer of account information to the Midwest Heritage banking system. As part of the conversion process, online and mobile banking access will not be available.

In total, online banking access will be unavailable from the close of business Thursday, June 18 through Sunday, June 21.

The new Midwest Heritage online banking experience will be available beginning at **8:00 a.m. on Monday, June 22**. At that time, you can enroll in the new online banking environment at www.midwestheritage.com by selecting **Login** and then **Enroll Now**.

Our Carroll, Coon Rapids, Glidden, and Lake City branch locations **will reopen on Monday, June 22 at 8:30 a.m.**

Final Statements and Interest Calculation

At the close of business on **Thursday, June 18, 2026**, interest on all deposit accounts and loans will be calculated through **Sunday, June 21, 2026**, in preparation for the system conversion.

At that time, a final statement will be generated for all deposit accounts, regardless of your current statement cycle. This includes customers enrolled in electronic statements. All customers will receive a final printed statement reflecting account activity through the conversion period.

Online Banking, Documents and Data

Because documents and certain information from your current online banking environment will not transfer to the new online banking experience, we encourage you to download and save any important information prior to June 18.

Items you may want to save include:

- Statements
- Check images
- Bill Pay payee details, including payee names, account numbers, mailing addresses, electronic bill (eBill) connections, and any reoccurring or scheduled payments. If you currently receive electronic bills through the current bill pay system, you will need to re-establish those connections in Midwest Heritage Bill Pay.
- External transfer details, including linked financial institutions, account nicknames, routing numbers, account numbers, and any recurring or scheduled transfers between accounts.

Note: Bill Pay payees, eBill connections, linked external accounts, and recurring transfer instructions will not transfer to the new online banking environment and will need to be re-established after enrollment in Midwest Heritage Online Banking.

While documents will not transfer to the new online banking environment, they will be securely retained by Midwest Heritage and can be made available upon request should you need access to them in the future.

Beginning **Monday, June 22**, please visit www.midwestheritage.com, click on **Login** and select **Enroll Now** to self-enroll in Midwest Heritage online banking.

After enrolling, we recommend taking the following actions:

- Rename your account titles, if you prefer
- Enroll in electronic statements, notices and year-end tax documents. Please note that your statement cycle dates may change.
- Enroll in Bill Pay and set up payments
- Set up external transfer accounts
- Set up transaction alerts based on your preferences
- Download the Midwest Heritage mobile banking app from the Apple App Store® or Google Play™ Store. Search for and install "**Midwest Heritage Personal**" to access mobile banking on or after June 22, 2026.

Debit Cards

New Midwest Heritage debit cards are being mailed to customers in early June.

You may activate your new Midwest Heritage debit card at any time by following the instructions provided with the card. However, the card will not be available for use until **2:00 a.m. on Thursday, June 18, 2026**. Please continue to use your current Iowa Savings Bank debit card until this time.

At **2:00 a.m. on Thursday, June 18**, your Iowa Savings Bank debit card will no longer be active.

Account Numbers and Routing Number

Your account number will not change with the system conversion.

The Iowa Savings Bank routing number will continue to redirect to Midwest Heritage.

You may continue to use your Iowa Savings Bank checks. Your account number will remain the same. When you reorder checks through Midwest Heritage, your new checks will reflect Midwest Heritage branding and include the Midwest Heritage routing number: **073902436**.

Automated payments and direct deposits will also be redirected to Midwest Heritage.

After June 18, we encourage you to update any payroll or direct deposit information to the Midwest Heritage routing number: **073902436**.

Loan Payments, Safe Deposit Boxes and Other Services

All loan automatic payments will remain in place. No action is needed.

There are no changes to safe deposit boxes.

Branch phone and fax numbers will remain the same.
